

IsatPhone^{PRO}

the ultimate combination

When it comes to what you really need in a satellite phone, IsatPhone Pro delivers. This is the first global handheld from Inmarsat – purpose-built for the most reliable satellite communications network in the world. With clear voice quality that you'd expect from the market leader.

This phone is designed to work in just about any conditions – in rain storms, dust storms, searing heat to sub-zero cold, tropical humidity or freezing fog. No worries about battery life when you're miles from anywhere, because it has the longest in the market. And we don't think satellite phones need to be complicated. Try it for yourself and see how simple it is.

- Global coverage
- Robust handset
- Clear voice quality
- Reliable network connection
- Long battery life
- Easy to use

IsatPhone Pro. Now there's a real choice.

the headlines

The essential services: satellite telephony, voicemail, text and email messaging, GPS location data

The longest battery life: up to 8 hours talk time and up to 100 hours standby time

The most robust handset: operates at -20°C to +55°C; dust, splash and shock resistant (IP54); humidity tolerance from 0 to 95 per cent

The only satellite phone to support Bluetooth: place the handset on its side, with full manoeuvrability of the antenna, for easy handsfree use

Easy to use: intuitive GSM-style interface; high-visibility colour screen; larger keypad for easy dialling with gloves on

Reliable network connection: operates over global geostationary satellites that will be operational into the 2020s; significantly less possibility of call dropping

The ultimate value: highly competitive handset, accessories and airtime pricing

From the world's leading provider of mobile satellite communications
